Grange Lane Tel: 428-3671

NEXT MEETING -

VILLAGES IN THE CITY

by

JACK COOPER

Despite its population of some half a million, the City of Liverpool retains many traces of the former villages which have now become its suburbs. Mr. Cooper will look at a selection of these including St. Michaels, Everton, West Derby, Wavertree, Woolton and Gateacre.

TUESDAY, 11th MARCH 1986 at 8 p.m.

Gateacre Chapel Hall, Sandfield Road. Visitors welcome 25p. Tea 10p.  
(and we will try and see that the hall is warmer than last time!)

.....

- SUBSCRIPTIONS - Very many thanks to those who responded so promptly to our request last month. However, there are still some members whose subscriptions are now 4 months overdue and, according to our Constitution, should be crossed off our membership list. If you are not sure whether you have paid look for the BLACK SPOT. If you have one of these by your name on this News Sheet it means your subscription is still owing.

RATES.

Individual £1. Family £1.50. Students & Pensioners 50p. Corporate £2.  
Life £20. Plus £1 towards postage if outside the hand-delivery area.

- KNOTTY CROSS - Members of the Society were present at the site meeting on the 17th February and put forward our objections. This application was REFUSED by the City Council on the 24th February - hurray.

- CHEZ PHILIPPE - About 25 people attended a meeting here on the 14th Feb. when Mr. Downey (new owner) explained his intentions for these premises. He promises a high-class well-run establishment comprising restaurant, function room and bar/bistro, with no attractions e.g. discos for the young. However, we are not happy about the proposed extension (covering the stable yard) we feel it would make the whole complex too large for the size of car park. Anyone wishing to see the plans, kindly supplied by Mr. Downey's surveyor, please contact the Secretary.

- 42 GATEACRE BROW - The appeal to the D.O.E. against the City Council's refusal to allow further extensions here (Felt Factory) has now been decided. We understand the decision has gone against us but several conditions have been imposed - these we have not yet seen.

- GATEACRE/WOOLTON SOCS. WALK - Beaconsfield Road. This will take place, as part of Environment Week, on 3rd May. As it is a shared walk between the two Societies numbers must be limited, and the first 15 applicants from each Society will receive tickets - let the Secretary know.

- JUMBLE SALE - This annual money raising event will be held on Saturday May 10th in the Chapel Hall. May we once again appeal for your saleable, unwanted household goods and helpers on the day too please.
